

## **REQUEST FOR CONSULTING SERVICES**

The Sussex County Council seeks multiple Engineering Firms to provide consulting services for miscellaneous projects for a five-year period. The scope of services will include but is not limited to:

Survey, planning, environmental assessment, engineering design, construction administration and contract management, construction inspection, and other services as needed. Also anticipated are assignments for Value Engineering of various engineering planning and design projects. Work items that are covered by other consultant selections are excluded from this selection.

Interested parties may obtain an information package by contacting Sharon Smith at (302) 855-7718. Parties shall submit information as specified in the information package to Michael A. Izzo, P.E., Sussex County Engineer, Engineering Administration, Sussex County Engineering Department, 2 The Circle, P.O. Box 589, Georgetown, Delaware 19947, before 4:30 p.m. on Friday April 4, 2014. Further information may be obtained by contacting Mr. Joseph Wright at (302) 855-7718.
